FAQ

- **How long till i get my photos?**

We have a pretty quick turnaround, but depending on the package you have paid for, Storks will send you your digital files within 7 Business days from the day of your session, and your printed photographs you will receive within 21 business days from the day you place your order. However if you have selected one of our Albums or Wall Collections please allow up to 6 weeks.

- **What if my baby is unsettled?**

I will always try to take at least a few photos so you have a treasured memory to keep, as you don't have to buy a package and can purchase a single photo if you prefer. If your baby is very unsettled we can book for another day. Babies are usually unsettled on day 2 and 3 as they are starting to wake up a little and are usually waiting on your milk to come in. In saying that, not all babies are the same.

- **Can I get some family group photos with their siblings as well?**

Yes, This is already included. I do family and sibling photos, but please be mindful I work in school hours and your other children will need to be there at the time of the session

- **Do you use good quality products?**

Yes, for our smaller packages we use Professional Ilford Photo Paper, Smooth Pearl GPSP (310gsm) features the very latest HDR (High Dynamic Range) optically clear coating and coupled with recent advancements in inkjet receiving layer design, makes this the reference media for producing images with superb clarity, high sharpness and excellent colour gamut.

For our Albums & Wall Collections, We have a Brisbane base company that uses the only finest, high quality materials, that creates a beautiful finish that will last a lifetime of memories.

- **Is Storks Photography up to date with all Immunisations?**

Yes, To keep your newborn safe Kristy Farrugia is Fully Covid double vaccinated and maintains currency with all required immunisations, Safety Practices and Working With Vulnerable People Card requirements.

ALBUMS & MATTS

Bebé Collection

Our beautiful Bebé albums are the perfect way to hold all your treasured memories in one place. Each page is printed on 235gms archival art paper with an archival 200gsm white card between the pages to increase thickness and durability. These additional features increase the page textual quality to approximately 635gsm. The Bebé Album is showcased in a beautiful Kraft Box to produce the memories of your newborn.

Many low cost albums use PVA Glue or other cheap adhesives risking your precious photos and delaminating over time.

Matts/ Art Mounts

Hold 5 of your most favourite images from your session in our beautiful art mounts that also come in our beautiful Keepsake box. You can also buy 5 easels to display around your home. These will be the perfect way to show off your photographs and easy to move around your home and swap them over.

Bebé- Matts/ Art Mounts

Our art mounts are printed on a smooth, archival cotton-rag paper from the United States. These papers are rated to last 75+ years, and have a gorgeous matte finish!

All our art mounts are made from acid-free, ph-buffered matt board at our Brisbane workshops.
